### **34. No advertisement.**

No one should put up or display advertisement for liquor in any media and hoarding.

### **35. Laboratory.**

Every plant shall have a laboratory for analysis of liquor and for maintenance of quality. The Government may also establish laboratory for analysis of liquor.

**PART III**  
**LICENSING AND REGULATION OF DISTILLERY, BREWERY AND BOTTLING PLANT**

**36. Application for licence.**

Any person desiring to obtain a licence to set up a distillery, brewery or bottling plant in any place in Mizoram shall apply in Form No MLPCR-1 to the Commissioner giving the following particulars:-

- (1) The name or names, and the address or addresses of the person or persons applying, if a firm, the name of every partner of the firm and, if a company, the registered name thereof;
- (2) The purpose for which the distillery, brewery or bottling plant is proposed to be opened, specifying in detail the nature of the business which the applicant desires to carry on therein;
- (3) The name of the place, the site and the building in which the distillery, the brewery or the bottling plant is to be constructed;
- (4) The number and full description of the stills, vats and other permanent apparatus which the applicant wishes to work or set up, and the size and capacity of such still, etc.;
- (5) The date from which, in the event of a licence being granted to him, the applicant proposes to commence working of the distillery, brewery or bottling plant;
- (6) The amount of security which the applicant is ready to furnish for the due performance of the conditions on which a licence may be granted to him;
- (7) A plan of the building which he intends to use or to construct for his distillery, brewery or bottling plant, and a plan showing the position of stills, vats and other permanent apparatus therein, and a list of store rooms, etc. connected therewith.

**37. (1) Consideration of application.**

On receipt of the application, and after consulting the Superintendent of the District in which the distillery, brewery or bottling plant is proposed to be opened regarding the suitability of the site and buildings, if there be any already, and any other points, and on receipt of the Superintendent's verification report, observations and after such further inquiry as he deems necessary, the Commissioner shall decide whether the licence for the opening of the distillery, brewery or bottling plant should be granted or not. The number of distillery, brewery or bottling plant which can be allowed depending on the requirement of Mizoram and possibility of export to other states, and whether a licence for the working of a distillery, brewery or bottling plant is to be granted or not, the Commissioner will take into full consideration all aspects and the purposes for which it is proposed to be opened. Then only he will make recommendation or otherwise to government.

**(2) Purpose for which a Distillery, Brewery or Bottling Plant may be opened –**

- (a) Manufacture and supply of foreign liquor;
- (b) Supply of spirits for the manufacture of chemicals, medicated articles, etc., or for other industrial purposes, or
- (c) for the above two purposes combined.

**(3) Construction of Distillery, Brewery or Bottling Plant.**

The applicant shall then be called upon to make arrangements for the construction of the distillery, brewery or bottling plant. Upon completion of the building and after the stills and other appliances and apparatus have been set up, he must furnish two fresh copies of the plans with the Superintendent of the district who shall cause them to be verified in any manner he thinks proper, and then submit one copy to the Commissioner for examination and for comparison with the plans first submitted, and for any further verification he may think necessary.

After approval by the Government, the Commissioner, shall grant a licence to the applicant in the prescribed Form No. MLPCR-2. The applicant shall be bound to conform to the orders of the Commissioner within a reasonable time to be fixed by the Commissioner regarding any addition or alteration to the buildings,

stills, vats or other permanent apparatus or plant which he considers necessary, whether before or after the final plans are submitted, for the proper security of revenue or to render illicit practices impracticable.

**(4) Necessary additions or alterations to buildings, stills etc. require prior sanction of Commissioner.**

No addition or alteration to the buildings, stills or other permanent apparatus as not shown in the plan submitted by the applicant shall be made without prior sanction of the Commissioner. When any such additions or alterations are to be made fresh plans must be submitted to the Commissioner through the Superintendent with a certificate from the Officer-in-Charge that they are correct.

**(5) Commissioner may at any time verify Additions and Plants.**

It will be open to the Commissioner to verify at any time any of the additions and plants mentioned above, and if found unsuitable, he may require fresh plans to be submitted for approval. Such verification may be made by any officer deputed for the purpose, and such officer shall be allowed full access to the premises. Approval to the plan may be withheld until any point in respect of which they differ from plans already sanctioned has been rectified to the satisfaction of the Commissioner. The licensee shall be bound to carry out such rectification within a reasonable time to be fixed by the Commissioner.

**38. Security deposit and execution of bond.**

For the observance of the conditions of the licence and of these Rules and for the payment of all sums which may become due to Government, by way of duty, fees, fines or otherwise under these Rules, the licensee shall execute a deed hypothecating to Government his vat, pipes, pumps and all other apparatus including bottling plant, bottles, etc. together with the stock of liquor stored at any time during the validity of the licence and if so required by Government at the time of signing, deposit a sum not less than the licence fee as security.

**39. Quarters for establishment – Office furniture**

The licensee shall provide suitable quarters, to the satisfaction of the Commissioner, for the Officer-in-Charge and supporting staff in proximity to the plant, and shall maintain such quarters properly. He shall also supply such office furniture as may be required for the use of such officers and staff within the plant.

**40. Licensee to give notice of commencement of work.**

Every licensee must give at least fifteen days notice in writing to the Commissioner, of the date on which he proposes to commence work and at least one month's notice before he ceases to work.

**41. Power to withdraw establishment.**

In case a licensee ceases work or fails to produce as planned for a period exceeding one month, the Commissioner may withdraw the establishment stationed at the plant and may prohibit all further work or production as planned until the licensee has given him fifteen days' notice in writing of the date on which he proposes to recommence work or produce as planned as the case may be.

**42. (1) Arrangements of Stills, etc.**

The licensee shall so arrange his stills that spirit shall discharge into closed and locked receivers of such pattern that no spirit can be removed from them unless they are unlocked. The Commissioner may require the licensee to affix to any receiver and apparatus which will prevent the supply and discharge cocks being open at the same time. Every pipe used for conveying spirit or feints must be so fixed and placed as to be visible throughout its entire length and shall, if the Commissioner so direct, be coated with oil paints of a particular colour, and all joints thereof shall be sealed in such manner as the Commissioner may prescribe. If the condensing worm is made of copper, or if the spirit passes through pipes wholly or partly made of copper, such measures as the Commissioner may direct, shall be taken by the licensee in order to protect the liquor from serious contamination by the copper.

There shall be no opening to any still, condenser or refrigerator, except –

- (a) for connection with the wash backs (the vessel in which the wash or wort are fermented) or spirit receivers,
- (b) properly – secured air cocks or air valves of number and description approved by the Commissioner.

**(2) Fastenings for Locks.**

The licensee shall provide and maintain suitable and secure fastenings, wherever the Commissioner may deem necessary, to all stills, spirit receivers, vats and other receptacles, fermentation-rooms, store-rooms, pipes etc.; to the satisfaction of the Commissioner, for the attachment of locks to be provided by Government. The keys of all such locks shall be retained by the Officer-in-Charge. The licensee shall attach his own locks to all rooms used for the storage of spirit and may, if he so desires, also attach his own lock to any other fastening but shall be bound immediately to remove such locks when required by the Officer-in-Charge, to allow free inspection.

**(3) Glass safe sampling.**

The licensee shall, if the Commissioner so direct, provide between the stills and the spirit receivers a glass safe by which the quantity and strength of the spirits which are running, will at any moment, be visible to the operator, or a sampling apparatus so constructed that for every samples drawn off, an exactly equal quantity shall be discharged into a closed and locked receptacle. If required, both a safe and sampling apparatus shall be provided. The licensee shall also, if so required, provide branch pipes fitted with lock by means of which spirits of different strength and qualities may be diverted into separate receivers.

**(4) Closed pipes for conveyance of Spirit from receivers to store room.**

The stills, receivers and vats shall be so arranged that the spirit may be conveyed from the receivers to the store room through closed pipes. All pipes and all joints thereof shall be secured and sealed to the satisfaction of the Commissioner.

**(5) Receivers and vats to be provided with dipping rods and to be gauged.**

All receivers and vats in the plant must be placed so that the contents may be accurately gauged or measured and they must be fitted to the satisfaction of the Commissioner with proper dipping rods so adjusted to fix dipping places that the contents thereof at fifth of a centimeter of depth may at any time be ascertainable. The receivers and vats shall also be gauged in such manner as the Commissioner may, from time to time, direct; and no vessel shall be used as a receiver or store vat until it has been gauged and the gauging has been checked by such officer as the Commissioner may appoint. Records of the dimensions of such vessels shall be maintained in accordance with Rules prescribed by the Commissioner.

**(6) Cock(tap).**

Every cock(tap) kept or used in a plant shall be of such pattern and constructed in such manner as the Commissioner may from time to time direct.

**(7) Rooms and vessels to be marked and numbered.**

The licensee shall cause to be painted with oil colour and shall keep so painted upon the outside of every room or place and upon a conspicuous part of every vessel and utensil the name of such room, place, vessel or utensil, according to the purpose, for which it is to be used, and when more than one room, vessel or utensil is used for the same purpose, he shall also paint a progressive number on each, beginning with number one.

**43. Vessels for storage**

**44. Dipping place or level of vessel not to be altered.**

The licensee shall not cause or allow the dipping place or level of any vessel to be altered, or any device to be used to deceive the Officer-in-Charge in taking the gauge of any vessel, or to prevent him from taking a true account of all wash of spirit in any vessels.

**45. Materials.**

The materials, or bases, to be used in distilling spirit or brewing beer, shall only be of such descriptions as are generally approved by the Commissioner. All materials used must be of good quality, and no ingredients noxious to health be used in distillation, brewing or added to the spirit or beer intended for human consumption.

**46. (1) Removal of wash or wort, etc.**

The licensee shall use only wash or wort which has been prepared within the plant, and no wash or wort (except spent wash or wort from which all alcohol has been extracted) shall be on any account removed from or allowed to pass out of the plant, except sealed samples forwarded by the Officer-in-Charge to the Chemical Examiner under the general or special order of the Commissioner.

**(2) No wash or wort or Spirit to be brought into plant.**

Except with the written permission of the Commissioner, no wash or wort or spirits not prepared or manufactured in the plant shall be brought into the plant.

**(3) Wash or wort to be conveyed directly from wash backs to stills.**

All wash or wort made in the plant shall be fermented in the wash backs and shall be conveyed directly therefrom into the still.

**(4) Redistillation.**

Except with the written permission of the Commissioner, the licensee shall not redistill any spirits other than those which remain in weak spirit receiver attached to the still and which have not been removed therefrom.

**47. Strength of Spirit manufactured to be regulated by Commissioner.**

The spirits manufactured in the plant shall not be distilled above or below such strengths and shall be subject to such periodical analysis as the Commissioner may direct, and the licensee shall be bound to take steps to remedy any defects in his product which the Commissioner may consider essential.

**48. Strength of beer manufactured to be regulated by Commissioner.**

The strength of beer manufactured in the plant shall be as prescribed by the Commissioner and shall be subjected to such periodical analysis as the Commissioner may direct, and the licensee shall be bound to take steps to remedy any defects in his product which the Commissioner may consider essential.

**49. Notices****(1) Declaration of proof Spirit in wash.**

The licensee shall give such notice in writing as the Commissioner may prescribe, of the transfer of beer or spirit from the receivers to the store-room and of wash or wort from the fermenting vessels or wash backs to the still. This percentage shall be determined by means of instruments approved by the Commissioner.

**(2) Periodical stoppage.**

The licensee shall comply with such order issued by the Commissioner for the periodical stoppage of distillation or brewing for the purpose of ascertaining the quantity of spirit distilled from the quantity of wash or wort passed into the still.

**50. Transfer of Spirit or beer from receiver to store-room.**

All spirit or beer collected in the receivers shall be transferred or conveyed into the store-room without unnecessary delay provided that no spirit or beer shall be so transferred without the knowledge of Officer-in-Charge.

**51. Hours of work.**

(1) All operations in a plant requiring the presence of an officer of the Excise & Narcotics Department, shall be stopped on Sundays and public holidays declared as such by the Government. In a plant, the licensee shall so arrange his operations that no officer of the Excise & Narcotics Department need ordinarily be on duty for more than eight hours on any working day.

(2) When distillations is carried on at night or at all other times when an officer of the Excise & Narcotics Department is not present, the plant gate shall remain locked provided that on Sundays or public holidays mentioned in sub-rule (1) the registered servants of the licensee may be allowed entry and exit between sunrise and sunset.

**CONDITIONS**

- (1) The licencee shall not produce/store except at the place mentioned above and under the supervision of the Officer-in-Charge.
- (2) The licencee shall use only materials approved by the Commissioner.
- (3) The licencee shall not dilute or adulterate the liquor, or store or permit to be stored any liquor which he knows to be diluted or adulterated.
- (4) All receptacles shall be so placed and fixed as to facilitate the contents thereof being accurately gauged and measured. Each receptacle shall be gauged by the Officer-in-Charge and shall bear a distinctive serial number and have its capacity distinctly and indelibly marked on it. A table showing the dimensions and capacities of the receptacles shall be maintained by the licencee for reference. Measuring labels shall be affixed to show contents at one centimetre of depth of each receptacle.
- (5) There shall be proper enclosure with strong iron gate which shall be manned by an Excise & Narcotics personnel during working hours who shall ensure that no unauthorized person gain entry into the bonded warehouse. However, security of such establishment shall be the responsibility of the licencee.
- (6) The licencee shall, besides providing suitable office accommodation with sanitary arrangements for the supervisory staff within the premises, also supply them with such furniture and other articles as the Commissioner or any other officer so authorised may consider necessary.
- (7) The licencee shall not permit or allow any smoking and use of bare light or fires within the premises.
- (8) The licencee shall not discontinue the manufacture unless he has given to the Commissioner or any other officer so authorised three months notice of his intention to do so.
- (9) (a) There shall be only one entrance to the bonded warehouse and one door to the compartments or rooms.  
(b) Every plant shall be under the joint lock and key of the Officer-in-Charge thereof and of the licencee or his authorized agent. The lock used by the Officer-in-Charge shall be a government lock and the key shall remain in his personal custody. At the end of each working day the Officer - in-Charge and the licencee shall close and lock every building, room or compartment therein.
- (10) The licencee shall keep affixed on the outside of each room or compartment a sign on which should be conspicuously painted in oil colour, the purpose for which the room or compartment is intended to be used and no room or compartment or receptacle intended for a specific purpose shall be used for a different purpose.
- (11) (a) The licencee shall maintain accounts showing a correct account of -

- (b) The licencee shall maintain day-to-day accounts showing therein the stock of liquor at the end of each day.
- (c) The entries in the account books should not be erased or overwritten. Should it be necessary to correct any entry it should be rounded in red ink in such manner as to leave it distinctly visible and the correct entry should be inserted above it. Every such correction should be initialled by the Officer-in-Charge.
- (12) The licencee shall issue authorisation signed by himself and countersigned by the Officer-in-Charge to all his agents or servants who are allowed to enter the plant. No person who does not hold an authorisation shall be allowed to enter the plant. It will be open to the Officer-in-Charge to cancel any authorisation countersigned by him.
- (13) Except with the written permission of the Commissioner or any other officer so authorised, the licencee shall not sell, transfer or sub-lease the right of manufacture conferred upon him by this licence, nor shall he, in connection with exercise of the said right, enter into any agreement or arrangement which is in the nature of a sub-lease. If any question arises whether any agreement or arrangement is in the nature of sub-lease, the decision of the Commissioner or any other officer so authorised shall be final and binding on the licencee.
- (14) The licencee shall, on a requisition from the Officer-in-Charge, allow him to take samples of the material used, at any stage and the liquor stored in the plant, free of cost, whenever required for the purpose of chemical analysis. The Licencee shall pay such fee as may be determined by the Government from time to time for each examination of sample made by the Chemical Analyst.
- (15) The licencee shall allow the Officer-in-Charge or any other Officer duly authorised by the Commissioner to take stock of liquor stored at the plant at least twice in a year. The licencee shall be required to explain the excess or deficiency in the stock if it exceeds or falls short by one per cent. If the explanation is not satisfactory, the licencee may be required to pay such excise duties as the Commissioner may direct.
- (16) The licencee shall maintain such measures and weights as may be determined by the Officer-in-Charge with the previous approval of the Commissioner.
- (17) The licencee shall provide fire extinguisher and other fire safety equipments within the premises of the bonded warehouse. The licencee should ensure that the staff working in the bonded warehouse are trained and capable of effectively handling fire safety equipments.
- (18) The Licencee shall provide for emergency exits in the premises of the bonded warehouse.
- (19) No liquor shall be removed from bonded warehouse without payment of duties and fees under the Act, Rules and Orders and without production of transport permit from Competent Authority.
- (20) Every licencee shall, when required by an Excise & Narcotics officer of and above the rank of Sub-Inspector, assist with sufficient number of servants in taking account of his stock.
- (21) The licencee must install Closed Circuit Television in his establishment covering every working room including bars, main doors, main gate and store rooms. Such data stored by the CCTV may be reviewed by Competent Authority.
- (22) The licence may be suspended or cancelled in accordance with the provisions of the Mizoram Liquor (Prohibition and Control) Rules, 2014.
